When it comes to quality, value, and tradition, nothing compares to the simple goodness of *Carmelina 'e...San Marzano®* Italian Tomatoes. Under the shadow of Mount Vesuvius, *Carmelina 'e...San Marzano®* tomatoes are grown in the southern regions of Italy, including Campania, recognized throughout the world as *The Italian Tomato Heartland*.

Carmelina 'e...San Marzano® features an elongated, full-bodied Italian tomato that is vine ripened to maturity. The sweet flavor and deep red color of *Carmelina 'e...San Marzano®* Italian Tomatoes are a product of the rich volcanic soil and ideal growing seasons of the region. *Carmelina 'e...San Marzano®* Italian Tomatoes are sweeter, have a meatier pulp, are less acidic, and have fewer seeds than your average plum variety.

During harvest, *Carmelina 'e...San Marzano®* Italian Tomatoes transport from field to factory within hours. The skins of these magnificent fruit are removed using a pneumatic steam peeler, and packed fresh in their own puree without the addition of preservatives, like calcium chloride or citric acid. This artisan production process ensures discerning customers receive only the freshest and cleanest tomatoes. This unique combination of quality and flavor cannot be duplicated in any other region of the world.

Carmelina 'e...San Marzano® Italian Tomatoes are as close to the earth as you can be without getting your hands dirty.

SPECIALTY TOMATOES

Unique. Artisanal. Sinfully Sweet. Simply Delicious. *Carmelina 'e...San Marzano®* 100% Italian Specialty Tomatoes add sophistication to recipes and menu items, elevating dishes from the ordinary to the extraordinary.

Carmelina 'e...San Marzano® 100% Italian Specialty Tomatoes are grown in the rich volcanic soil of Southern Italy, *The Italian Tomato Heartland*, where they are vine-ripened, picked at maturity, and bursting with flavor. Like our complete product line, *Carmelina 'e...San Marzano®* 100% Italian Specialty Tomatoes are all-natural, with no added preservatives like salt, citric acid, or calcium chloride – simply specialty tomatoes and puree! They are Non-GMO Project Verified, Certified Kosher, gluten-free, and packed in BPA-Free containers.

So what makes these tomatoes so special? Our Pomodorini and Datterini are artisanal, manufactured in small-batch quantities. This allows us to carefully tend and craft that perfect blend of natural sugars and acid, resulting in tomatoes that are sweet like candy, and well-balanced in flavor. *Carmelina 'e...San Marzano®* Italian Passata is made using premium *Carmelina 'e...San Marzano®* Italian Whole Peeled Tomatoes that are milled and strained to remove all seeds and skins. The result, a taste many have come to know and crave with our whole peeled tomatoes, in a ready-made silky, smooth, tomato puree - ideal for sauce.

ITALIAN BEANS

Inspired by the Italian passion for good food and family, *Carmelina Brands®* was founded on the principal of bringing high-quality, all-natural, traditional and fresh packed-canned ingredients to North America from Italy.

Suitable for use straight from the can – perfect in salads, quick sautés or long simmered soups or stews. Say goodbye to soaking dried beans overnight and enjoy the fresh pack flavor of *Carmelina Brands®*.
